When you receive this we will already have been open for one full week. I hope that by now you have been able to come to see the new space. It is really beautiful. Although we have had a few items that have been delayed; we went ahead with the opening because as long as we were to pass building codes and function, we wanted to open for our membership's sake, even if every detail was not finished. We are still waiting on our new bar tables and we are just sick that they won't be here for the opening, but with some of these things you just have to roll with the punches. We are also still waiting on art work and a

few decorative items. I believe that you will agree that even without every detail in place the club looks amazing and we couldn't be happier with the way things have turned out. With that said by the end of this month I would expect that the clubhouse details will be wrapped up and we will really shine. Our next step will be to finish up the landscaping and new parking lot.

Speaking of landscaping, our new grounds superintendent, Scott White, was very involved in overseeing this renovation project and dealt with many headaches that are certainly not in his job description. The rest of the management team would like to say thank you for a great first year.

New Year's Eve Celebration

From the Golf Shop

It's hard to believe, but winter is almost over and we could be playing golf by late next month! Your new golf committee will be working diligently this month to finalize the golf calendar for the 2016 season. We will be adding some new events for the upcoming season. If you have any suggestions, please send me an email or seek out one of the people on the committee listed in the newsletter. The calendar of events will be out in next month's newsletter.

As you're getting ready for the upcoming season please let us know if we can help you prepare. If you would like for Brett or I to check your grips or shoes for new spikes or have questions about any new equipment you might have seen or heard about don't hesitate to ask. We would be happy to help in any way we can.

Hope to see you soon,
Frank

2016 UCC Membership Committees

Thanks to all of you who volunteered for a committee. Please keep in mind that the committee members will change on an annual basis so if you're not on a committee this year and you still have an interest next year, your name will go to the top of the list for next year. All of the committees you can find listed below.

The main objective of these committees is to act as a liaison between the membership and UCC management. If you are having issues or concerns in these areas and aren't comfortable going directly to UCC management please seek out one of the

individuals on the committee to express your concern. These committees will communicate with the existing membership on a regular basis to promote events and gather information on preferred programming and club services. They will take an active role in enhancing golf and social activities, food and beverage service, and general club services and amenities here at UCC. These committees will review and evaluate past event programming and will make recommendations as to any possible changes to the club which might improve the overall club experience.

CHEF'S CORNER

Please join us for **Valentine's Day!** We are running a special menu both Saturday evening, February 13th and Sunday, February 14th. You will be able to choose from several options of appetizers, salads, entrees and desserts. Later in the month we will have our second **Jazz Brunch** of the year on Sunday February 28th. The Briggs-Houchin Duo sets the atmosphere for an elegant brunch featuring traditional favorites such as eggs benedict, french toast, fresh fish, oysters on the ½ shell and much more. We will also have Cajun specials for Lunch on Tuesday, February 9th to celebrate **Fat Tuesday**.

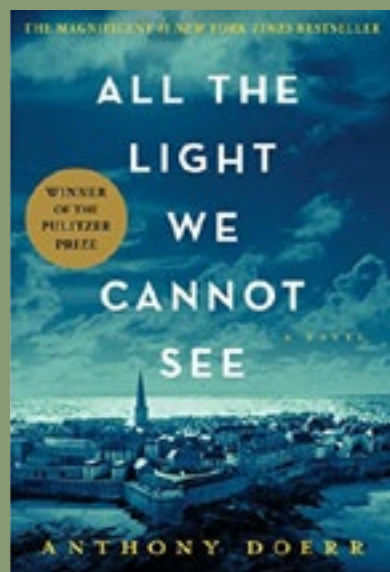

I would like to thank all of the people involved in this renovation but a special thanks to Albert Oleynichak and Brett Pierce from Wells and Wells, Flynn McCormick from McCormick Commercial Service, and Amy Reid and Robb Springfield from Flex-N-Gate for all of their design help. These people made efforts beyond the normal call of duty on numerous occasions and we could not have done this without them. Lastly but not least I would like to thank Mr. and Mrs. Khan for their vision for our club and allowing us to work toward that vision.

Hope to see you at the club.

Sincerely,
Chef Wes
